

Spirit Gymnastics is looking for Experienced and Motivated Complusory coaches and others who are interested in learning how to coach for our highly successful girls programs in the Summer and the next competition Season. We are growing rapidly; and would be willing to train someone who would like to get a great start as a coach of enthusiastic young ladies. We can also use help from someone who has a dance background for our staff. Candidates must be physically able to lift and spot young girls. They must also be able to pass Background checks to work with young children. Now is a great time to join our "Spirit" family!

Please call us at 215 699-2900 for more information on our exciting career opportunities!
